

# Play Dough Recipe

## Ingredients

2 cups of plain flour  
4 tablespoons cream of tartar  
1 cup of salt  
2 tablespoons of oil  
2 cups of boiling water  
A few drops of food colouring

Mix all ingredients together in a bowl.

Place the dough on a bench sprinkled with a little flour and knead until you get a good consistency.

For a little extra glitz, add in some glitter and even peppermint oil for a great smell.

And don't forget ~

You can keep your play dough in a plastic bag to stop it from drying out.
